

Haywood

The *Haywood* packaging range is a comprehensive range of protective packaging products which include boxes, tape, bubble and polythene. As well as general items we have a wide range of specialist items such as blankets, webbing, sack trucks and much more. Most items in this catalogue are held in stock and are available on a next working day delivery (some restrictions apply).

Haywood strongwrap™ is the ultimate re-usable protective packaging product. Originally designed and developed by *Haywood* many years ago the latest evolution of the fabric is lighter and stronger whilst still remaining competitively priced. As manufacturers of the covers we are able to make this fabric to fit almost any item, call us now to discuss your bespoke cover requirements.

Haywood tuffwrap is a new addition to the successful *Haywood* range of covers. The fabric itself is unpadded and suitable for items that only need protection from abrasion. A very durable and hard wearing fabric that can be made to fit most items. Call us now to discuss your bespoke cover requirements.

Haywood started as a manufacturer of workwear clothing and it was this that made us what we are today. This brochure includes a selection of our most popular workwear and leisurewear garments, all of which are good quality, affordable and readily available. We offer a badgework service that is second to none and we pride ourselves on the quality of our embroidery and printing. If you can't find the item you are looking for in this brochure please visit our website and look at our expanded range of clothing or call one of our friendly sales team.

A reminder of the fact we are proud to be UK manufacturers. All items with this logo are manufactured by ourselves in Leeds.

Colours

We have done our best to ensure that all colours displayed in this catalogue are as close as possible to the actual colour of the product however we can not guarantee this. Please use the colour references as a guide only as they are not a true likeness to the actual product. If you need an exact colour match then please call the sales team who will be happy to help you.

carton run information

Haywood carton runs allow us to offer highly competitively priced boxes by grouping orders together. All boxes are printed in black to our standard design. We offer these fantastic rates from as little as 600 boxes per size however the higher the quantity ordered the better the discount we can give. Lead times on these boxes can vary so our advice is to allow 2/3 weeks where possible for top up orders. Delivery restrictions do apply in some areas.

Special sizes and custom print boxes available subject to minimum order quantity. Call us now to discuss your requirements.

The *Haywood* packaging range is a comprehensive range of protective packaging products which include boxes, tape, bubble and polythene. As well as general items we have a wide range of specialist items such as blankets, webbing, sack trucks and much more. Most items in this catalogue are held in stock and are available on a next working day delivery (some restrictions apply).

Haywood strongwrap™ is the ultimate re-usable protective packaging product. Originally designed and developed by *Haywood* many years ago the latest evolution of the fabric is lighter and stronger whilst still remaining competitively priced. As manufacturers of the covers we are able to make this fabric to fit almost any item, call us now to discuss your bespoke cover requirements.

Haywood tuffwrap is a new addition to the successful *Haywood* range of covers. The fabric itself is unpadding and suitable for items that only need protection from abrasion. A very durable and hard wearing fabric that can be made to fit most items. Call us now to discuss your bespoke cover requirements.

Haywood started as a manufacturer of workwear clothing and it was this that made us what we are today. This brochure includes a selection of our most popular workwear and leisurewear garments, all of which are good quality, affordable and readily available. We offer a badgework service that is second to none and we pride ourselves on the quality of our embroidery and printing. If you can't find the item you are looking for in this brochure please visit our website and look at our expanded range of clothing or call one of our friendly sales team.

A reminder of the fact we are proud to be UK manufacturers. All items with this logo are manufactured by ourselves in Leeds.

Colours

We have done our best to ensure that all colours displayed in this catalogue are as close as possible to the actual colour of the product however we can not guarantee this. Please use the colour references as a guide only as they are not a true likeness to the actual product. If you need an exact colour match then please call the sales team who will be happy to help you.
